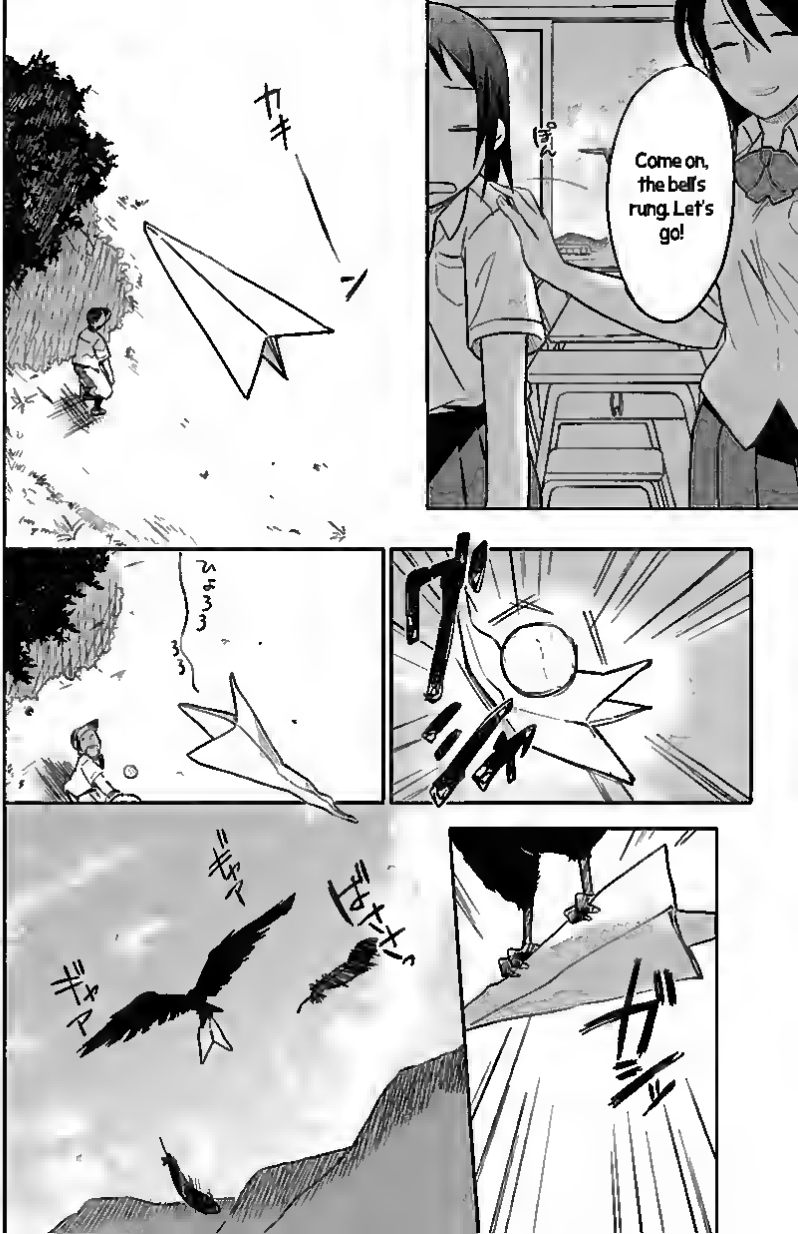
What are you doing Haruko?
Now that we're finally done with freaking math, I don't want to use my head anymore.
Huh?
A counter-measure to the falling birthrates.
You're living alone aren't you?
Are you interested Yukko?

How is it to be living alone?
Do you run into any problems?
There's nothing really but,
The food sucks.
That's because you're only in home economics 1.
Alright!
It's done.

How far will it fly?
But letting it fly is not my goal.
I wrote something important in there.
What did you write?
It's a secret!
It's falling, it's falling!

Ooh..
That paper plane is just like you.
I'm count-ing on you!!
Do you think that I was praising you?
Where is it going?
2-1
Eh?!
Ah...



Come on, the bell's rung. Let's go!

What am I going to do about school?
Kids have nothing to worry about.
How nice.
My grades are just a little above average.
And I have no special talents.
Even my friends have girlfriends now.
Even if I disappeared,
The world would just keep going like usual.
はぁ…

What's this?

I will be waiting behind the gym after school.
I want to eat your meals everyday.

Uuh...
Here, I'll get you some food, so cheer up.
My paper plane... I even wrote something important on it too.
It can't be helped.
We should at least see where it went!!

Behind the gym is kind of like a confession.
It is a confession.
HUH?!

What will you do if a girl comes here?!
AH!!
If it happens, I guess something like that is fine too.
SO YOU'RE THAT KIND OF PERSON HUH...

I HAVE SHOWN YOU AN UNSIGHTLY PLACE..
No...
More importantly, about this..
It really got through. Where did you pick it up!?
At Taraba park.
Amazing! Amazing! This is like fate.
AH UHM...
I REALLY DON'T GET WHAT THIS IS ALL ABOUT THOUGH.
Well, you see...

Please marry me!!

MARRY
ME?

A big white house, a big white dog, and two kids
Uhm..
How about we try and get to know each other first.
Uhm..
I don't think it's a good idea to get engaged to someone you just met... Besides, we haven't even greeted each other. By the way, my name is Katou.
WHAT KIND OF CONFESSION IS THAT?
Like...
we could go on a date first.
Let's forget about all that bothersome stuff.
Please make me some food.
HE'LL JUST BE A MAID?!

I don't really like carrots.
I like something like omelettes, however..
Enough!
Ah!!
Don't just start babbling about marriage to people simply for some material gains.
Things like marriage, what were you thinking?!
Ah, this is my best friend, Honjou.
This one here is called Noda.
Gyaah!

Is that how people talk?!
when you marry then someone will cook for you?
Isn't it said that,
WITH THE BENTO OF A DEVOTED HUSBAND
In the first place please describe how things got this extreme for you to marry for the sake of food.
Uhhm.
But you have to apologize properly to him too!
Sorry, Yukko!
In the end, whatever I do is fine
This girl seems to be misunderstanding something, but if it hadn't been for her, I wouldn't have come to school
Yeah..

We're going home.
No.
Sorry for causing you so much trouble.
ペコ
Aah... Uhm...
There's no way someone would be lured in by that unnatural method.
If only it had been a godly plane...
Pun: since paper and god have the same pronunciation.
If it's ok, why don't I start making bentos for you?
SHE LURED HIM IN!?
Please do!!
